WORK EXPERIENCE

Cantilever | Full-Stack Developer Intern

July 2025 – Sept 2025

- **News Aggregator (React, Firebase, NewsAPI):** Built scalable platform improving load efficiency by **35%**, with authentication and filtering boosting session time by **25%**.
- **TravelBuddy (React, Node.js, MongoDB):** Developed map-based discovery and real-time chat system; optimized backend queries improving performance by **40%**.

PROJECTS

Trackly — MERN Stack Project Management Platform

[Live](#)

- Built and deployed a full-stack **MERN** project management platform with issue tracking, teams, projects, and collaborative workflows.
- Implemented secure **JWT authentication**, protected routes, and **role-based** team with invitation management..
- Developed responsive **SaaS**-style UI using **React.js** and **Tailwind CSS** with reusable components and modern dark-themed design.
- Designed scalable **REST APIs** and **MongoDB** schemas for issues, projects, users, teams, and workspace.

Chat and video calling app

[Live](#)

- Implemented Authentication with **JWT-based login** and signup flows to enhance user security.
- Improved scalability by replacing HTTP polling with persistent connections, reducing server load and achieving message latency under 80 ms. .
- Designed responsive UI with **React + Tailwind CSS**, improving user interaction speed and mobile usability.
- Implemented videocalling using **Stream API**.

Resume Analyzer

[Live](#)

- Developed a resume analyzer web app that uses AI to generate ATS scores and personalized feedback for resume improvement.
- Built the frontend using **React** and styled it with responsive **TailwindCSS** components.
- Used **TypeScript** for robust, scalable, and maintainable code.
- Integrated **PuterJS** to handle cloud-based file uploads, storage, and authentication seamlessly.

ACHIEVEMENTS

- Solved **1000+** problems across LeetCode, Codeforces, AtCoder, and CSES.
- **Knight** title awarded on Leetcode.
- **Pupil** on codeforces and **2 Star Codechef** rating

EDUCATION

2023 – Present **Maharaja Agrasen Institute of Technology (MAIT)** — B.Tech (CST)

SKILLS

Languages	C++, Python, JavaScript, TypeScript, SQL
Frameworks	React, Next.js, Node.js, Express, Tailwind CSS
Databases	PostgreSQL, MongoDB, Pinecone
Tools	AWS (EC2, S3), Docker, Git, GitHub, CI/CD (GitHub Actions), Azure
